A fair trade business offering freedom through employment to women trapped in India's sex trade.

We make jute bags, but our business is freedom!

Human trafficking and poverty feed India's sex trade, where women and children forced into prostitution face a life without choices, marginalized by society.

Freeset is a bag manufacturing business whose purpose is to provide these women with a way out of prostitution.

Women are employed on the basis of their need for a job, not the skills they bring to it. They are trained, paid a good wage and signed up to a health insurance plan and pension fund. For many it is the first time they can be proud of the place they work.

Best of all they begin their journey to freedom.

When you buy a Freeset bag, you get a great, eco-friendly product and you contribute to women's ongoing freedom from the sex trade in Kolkata, India.
